A Grateful Nation Remembers

Every October, the Foundation sponsors the official national tribute to all firefighters who died in the line of duty during the previous year. Thousands attend the National Fallen Firefighters Memorial Weekend. The weekend features special programs for survivors and coworkers along with public ceremonies. Through private donations, the Foundation provides lodging and meals for immediate survivors and assists with travel expenses. This allows family members to participate in the public tributes, and in Family Day sessions conducted by trained grief counselors.

Helping Families of Fallen Heroes

Immediately after a firefighter dies in the line of duty, the Foundation provides survivors with a place to turn. Families can receive emotional assistance through a Survivor Support Network for as long as they need. This contact with other fire service survivors can be an important part of their healing. Families receive a quarterly newsletter and specialized resources through a Lending Library. The National Fallen Firefighter website www.firehero.org provides information on benefits, the Memorial Weekend, and other programs.

The Foundation's scholarship program can help spouses, children, and stepchildren with educational and job training costs. They can also help survivors identify other sources of educational assistance.

A portion of the proceeds will benefit the
