

**Present:**

Munson SVFD; West NWFD; Ballenger RMFD; Gulotta TFD, Nied TFD; Klein TFD; Day GRFD; Rivera Tubac; Benitez ANG; Louis GVFD; Cornejo RVFD; Davis, GVFD; Bolling GVFD.

**Opening Remarks**

Chief Simon Davis spoke of the fact that safety issues in fire service have not changed much in the last 100 years as he read an article in 1903 of where a horse drawn fire steamer ran over two civilians.

**Announcements:**

Now can offer FDSOA/ProBoard recert CE.

The issue of SFMO giving cert for FDSOA class has passed first step, is now at Phil Mele's desk. No foreseen issues.

Update on Ca issue in fire service

**Education****H1N1**

Chief Ray Klein of TFD/TOEMS gave an overview of H1N1 plan. See handouts.

Discussion ensued about reduced staffing levels, ISO response and responsibilities during incidents involving high risk operations.

Chief West gave an update from FRI conf on H1N1. Think about loss of support service folks such as payroll, mechanics, etc. How will you handle walk-ins.

Send daily updates to troops.

**Fire Ground Survival**

Nied gave overview of what FGS is and how it may be delivered.

**Other**

Accident Investigation and the ISO role. Chief West gave an overview of NWFD's project.

**Roundtable**
