

## SASO Meeting notes 8/29/08

- Discussed the benefits of becoming an affiliate member of IAFC. Members are placed in staging and pulled from staging to work on projects
- In the near future, ambulances may have to meet NFPA 1901 type specs and standards
- Make sure your people are covered and entitled to receive benefits. Only 1 out of the 9 emergency responders involved in the recent helicopter crash will receive benefits
- No new word on PC WINN
- Reducing LODD's has to begin with reducing line-of-duty accidents and injuries.
- 5k run on October 4, 2008 to benefit 100 club
- Let's make it a point to manage our own risk so management does not have to.
- MyClyns samples and brochures
- Possible Grant writing to benefit SASO. Start small (MyClyns for the group)
- See about getting a copy of the Drop House DVD to the entire group
- Unanimous amongst the group to have next Safety Day and NFFF benefit dinner together on the same day.
- Reminder, November 5, 2008 Fall Officer Retreat

- BC Nied to co-chair a fire officer credentialing project with AFSI. Looking for volunteers.
- NWFD is working with Gerber to construct a jacket meeting reflective vest specs
- Rio Rico to possibly host next SASO meeting.
- Products from Waxie used to aid in infection control and contamination
- TFD using Perma-Block 3 in their upholstery
- Mersa training video is still in the works but near completion
